

ARTES Sensus II 4/14 Push/Pull, electric guitar 2018

Guitar hardware:

- Alnico or Ceramic magnet pickups, std is **Wilkinson** Alnico, H - S – H
- 2 pots and push-pull = Volume and Tone. The CTS DPDT Push-Pull functions handle the choice of four voice windows and fourteen voices.
- 1 pc. CRL 5-step longitudinal switch, that selects voice windows and voices.

Pots, switch and Pu can be disassembled/mounted separately without soldering. We use Molex special tool and contacts (military specifications)

All electronics is of premium quality, built and tested by Swedish specialist.

- **Wilkinson Lockable** tuner machines.

- *Alternative Trem.* **Floyd Rose** Tremolo Floating FR with one string locking on neck and fine-tuning on the bridge, or FR double string lockers on neck and bridge and fine-tuning on the bridge.

- *Alternative Trem.* **Wilkinson WVS 50 II K** floating Flat Tremolo type.

- Top Nut: **GraphTech** TUSQ 5200-00, on the guitars with Wilkinson Trem. (We don't use any ivory in our production)

Other data:

- Weight 3,270gr with **Wilkinson WVS 50 II K**. Full balance on the middle of the strap.

- Guitar Body made from old air-dried selected mahogany. Top of Quilted Maple Veneer and binding in antique white.

- Head and neck made from old air-dried selected mahogany. Neck is screwed to the body with a robust neckplate containing serial number and model.

- Fingerboard with 24 frets, made from old air-dried selected rosewood. Inlay from MOP, ARTES logo on the 12-th fret, and Side Position Dot Marks.

- Truss Rod steel, adjustable on head.

- The body, head and neck color is Tobacco Color - Glossy Finish. Color on fretboard, dark Nature.

- Artes Sensus electronic components are mounted according to the principle of "Faraday cage" and by copper insulation and / or conductive color minimizes from electromagnetic interference to the guitar electronics.

Setup:

- Setup is performed by the manufacturer and contains these items:

(The customer can indicate wishes on Action, Pickup Height, Truss Rod Adjustment)

- * **Action** (String Altitude over the frets is checked and adjusted)
- * **Radius** (Neck and Bridge radius checked and adjusted)
- * **Pickup height** (Height against the strings adjusted and tested)
- * **Intonation** (Band 12 is tuned. Towards amplifier measurement)
- * **Truss Rod Adjustment** (Adjustment of the neck flexion)
- * **Tuning machine test** (Test of tuning string lockers and screw functions)
- * **String locker** (Tests that the strings not slide in locked position)
- * **Playing** (Guitarist plays, using premium combo amplifiers, test all the functions for a few hours)

Delivered with:

- Allen keys for adjustments
- Stringed with D'Addario NYXL 10/46

Optional:

- Hard case €175,00, rectangular, with storage compartments and lockers. 3 different colors/material.

Warranties:

As a private person in EU, you always have a 1 year warranty against manufacturing defects on new products. You also in EU, legally have an extended warranty up to 3 years according to certain rules, which you must be able to demonstrate that it really has been the failure of the product, and not from the handling, among other situations. The guarantee applies only if you followed Artes instructions on the use of the product. Normal wear, damages, and if you've changed the electronics and hardware, and which result in changes in the configuration, interference noise, etc., is not compensated.
